## TERMS AND GENERAL CONDITIONS OF DELIVERY

All seeds are quoted F.O.B. El Monte, California, for delivery after harvest crop 1934, 60 days net, less 2% cash 30 days. All invoices payable in U. S. dollars in or by New York or Los Angeles Exchange. All overdue accounts subject to sight draft without further notice.

Bags and containers will be charged at cost and are not returnable.

We reserve the right to advance any or all prices in this list on orders received after May 1st, 1934.

For every order, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions.

In case of crop shortages, orders will be filled pro rata only.

Crop failure or any cause beyond our control releases us entirely from delivery.

We give no warranty, express or implied, as to description, quality, purity, productiveness, or any other matter of any seeds we sell, and we will not be in any way responsible for them. If seeds are not accepted on these terms, they are to be held subject to our order.

BODGER SEEDS, LTD.

*Our Modern Warehouse and Shipping Department, situated in the fertile El Monte Valley in the Shadow of the Snow-Capped Sierras*

## TO THE TRADE:

With the improvement in business conditions so general throughout both this country and abroad, it is with renewed confidence that we submit our 1934 contract and general trade list.

Since the very life of the flower seed industry depends upon the quality of the product offered, it is with pardonable pride that we call your attention to the number of Gold Medals and Awards of Merit won by our Flower Seeds all over the world. We appreciate very much this direct recognition of the high standard of work carried on by our staff of trained horticulturists.

Combining the most up to date scientific methods with the vast fund of practical knowledge acquired during our 43 years of flower seed growing, we are well equipped to continue this development of superior stocks to satisfy the most exacting demands of our discriminating clientele.

Our trial grounds, plant workshops and growing grounds are at all times open to the critical inspection of our trade, and we are always glad to escort our visitors through the up-to-date cleaning mills, warehouse and office maintained at our El Monte headquarters.

We are now in a position to furnish electrotypes of a great number of flowers, including all the illustrations shown in this list. Prices are listed under each cut. Please order by number.

We can also furnish Photographs of all flowers illustrated in this list. Write us for particulars.

We wish to thank our friends for their past business, and trust we may continue to serve them.

BODGER SEEDS, LTD.

## NOVELTIES FOR 1934

Since the inauguration of the All American Selections Competition, novelties have come to occupy a steadily more important place in the American flower seed industry. With the whole industry concentrating publicity on the same varieties, they are becoming known over the widest possible territory in the short space of one or two seasons, and Novelties thereby become a major factor in every seedsman's flower seed business.

We are proud to present, in the following pages, our Novelties for 1934, and those introductions of the past one or two seasons which we consider outstanding.

*Nasturtium Double Scarlet Gleam*

# NOVELTIES

---

## BODGER ORIGINATIONS EXTRAORDINARY FOR 1934

### NASTURTIIUM DOUBLE SCARLET GLEAM (Bodger)

Ever since we introduced Golden Gleam in 1931, interest has run high in anticipation of new colors in the double, sweet scented Gleam type of nasturtium. In introducing Scarlet Gleam this year we are giving the first answer to this demand for additional colors.

Those who have seen Scarlet Gleam growing, enthusiastically proclaim it even more intensely dazzling in color than the showy Golden Gleam. The flowers are a fiery orange scarlet, a color comparable to the brilliance of Scarlet Sage, or seeing a row of the plants one might visualize a showy border of scarlet Geraniums. The individual blooms are of an immense size, almost three inches across, much larger than any Nasturtium ever known. The sweet fragrance is more pronounced, and the double flowers more uniformly well formed. The foliage is the same lush green characteristic of Golden Gleam, and the contrast of the large, double, fiery orange scarlet flowers above their cool restful green leaves attracts and holds the eye at once, while the ease with which they can be grown under almost any conditions will make Scarlet Gleam the most popular all around annual.

The plants are semi dwarf, throwing short runners from a well rounded free flowering bush, with long wiry stems bearing the numerous flowers well above the foliage, which gives the effect of a solid mass of color.

Price.....per oz., \$2.50      per  $\frac{1}{4}$  lb., \$7.50      per lb., \$25.00

### NASTURTIIUM DOUBLE GLEAM HYBRIDS (Bodger)

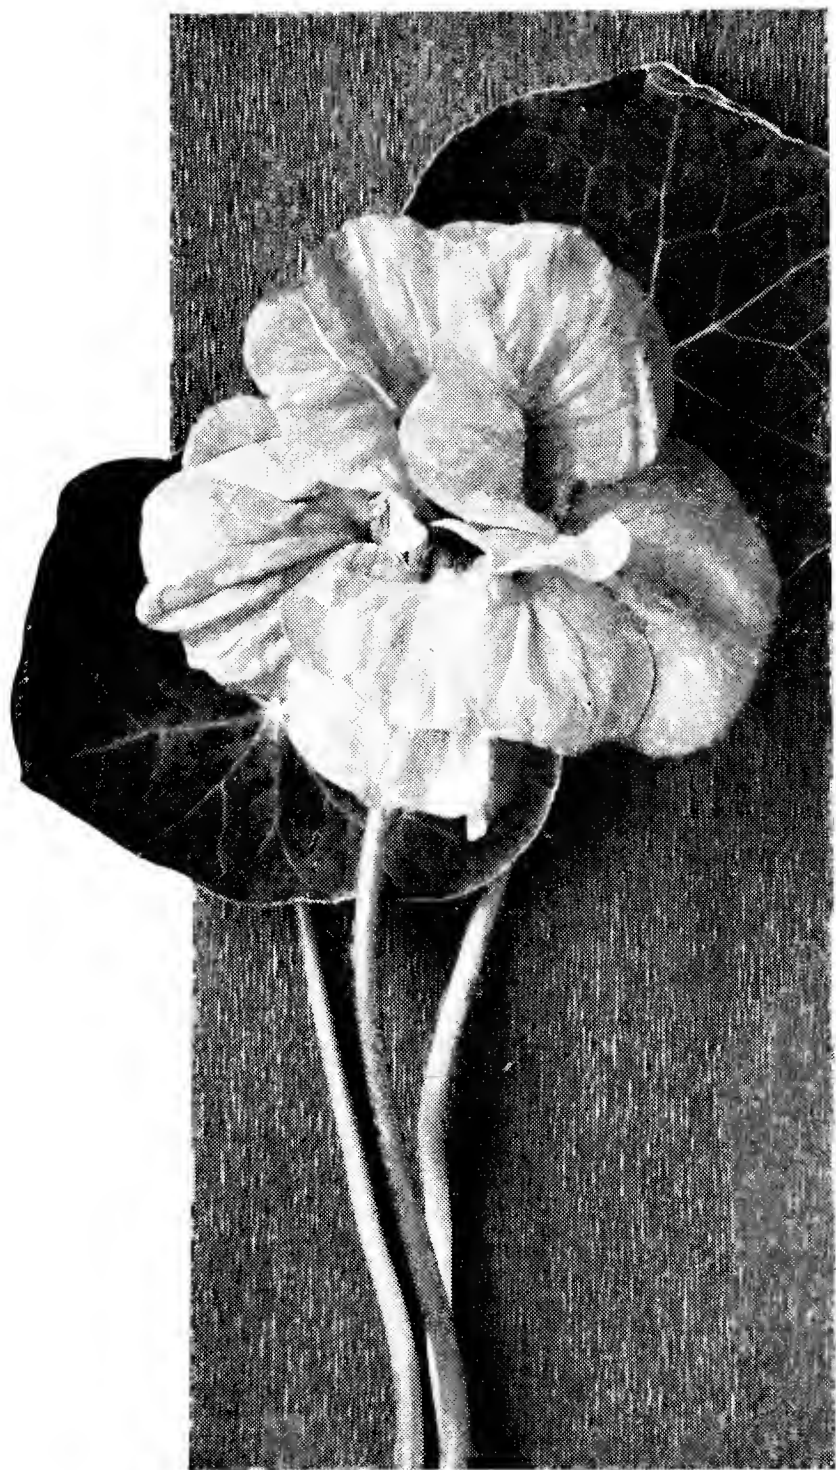

With the introduction of these Gleam Hybrids the flower world is enriched by an advance in the forward progress of the plant world. As the Dahlia Flowered Zinnias in 1924 tolled the death knell of the single Zinnia, Double Gleam Nasturtiums in 1934 are the fountain head from which will issue the flower of tomorrow in the Nasturtium family. The Hybrids are a collection of gorgeously colored, large, well formed flowers of such dazzling beauty that the mind hesitates to credit the evidence of the eyes. Colors certainly never dreamed of before in a double nasturtium abound in profusion—glorious flowers of salmon, golden yellow, orange scarlet, cerise, cream yellow, orange, crimson, and gold flushed scarlet combine with the foliage of fresh green. They thrive under almost any cultural conditions, and this factor, combined with the brilliance of their colors, assures Gleam Hybrids of a universal popularity.

The plants are semi dwarf, throwing short runners from well rounded free flowering bushes. Stems are long, and bear the flowers well above the foliage of the plant. In the garden or for cutting no flower could be more lovely.

Price.....per oz., \$2.50      per  $\frac{1}{4}$  lb., \$7.50      per lb., \$25.00

NOVELTIES

*Nasturtium Double Golden Gleam*  
No. 2—ELECTRO \$2.45

**NASTURTIIUM DOUBLE GOLDEN GLEAM** (Bodger)  
(Award of Merit, R.H.S. 1932, Gold Medal, All American Selections 1933)

Golden Gleam is maintaining its position as the best known and most popular novelty of the past two seasons, becoming even more popular as time goes on. The large, double sweet scented golden yellow flowers on long stems are borne profusely well above the bright green foliage of the neat semi-dwarf plants. Ideal for any garden use.

Price.....per ¼ lb., \$0.20                      per lb., \$0.75

## ASTER WILT RESISTANT GOLDEN SHEAF (Bodger)

We take pleasure in introducing Golden Sheaf, the deepest yellow aster yet offered, and the only one that is wilt resistant. The flowers are fully double, with an attractive crest-like center, of good substance and fine depth of petal. It has all the characteristics of the Aurora type of aster so popular now with florists. The flowers last well when cut, and are excellent shippers. Don't fail to list Golden Sheaf in your 1935 catalogue.

Price.....per oz., \$2.00      per ¼ lb., \$6.00      per lb., \$20.00

*Aster Aurora Golden Sheaf*  
No. 3—ELECTRO \$2.35

## ASTERS WILT RESISTANT STRAINS (Bodger)

(Award of Merit, All American Selections 1933)

The most pretentious Aster improvement program we have undertaken is the development of wilt resistant strains. Although not novelties in the true sense of the word, we consider these Wilt Resistant Asters among the most noteworthy introductions of our long experience in the seed business.

The Aster wilt disease is caused by a parasitic fungus, *Fusarium conglutinans* var. *callistephi* which is carried on the seed, on cultivating implements and in the soil. Once introduced into the soil, the fungus persists indefinitely, and attacks any Asters which may be planted there at any time thereafter.

Only through the use of resistant stocks is it possible successfully to grow Asters more than one year in the same soil.

**SINCE 1890 / THREE GENERATIONS OF BODGER SERVICE**

**ASTER WILT RESISTANT BLUE EAGLE (Bodger)**

In line with the trend of the times, we present Blue Eagle, one of our contributions to the code for better flowers. The color is a bright navy blue, distinct from any other dark blue or purple aster now offered, of the Giant Branching Comet class, with large, comet type flowers, fully double, on branching plants, suitable for cutting or garden use. The strain is very robust and wilt resistant.

Price.....per ¼ lb., \$3.60                      per lb., \$12.00

*Statice Dicksonii*  
No. 4—ELECTRO \$2.80

**STATICE DICKSONII**

Dicksonii is undoubtedly the outstanding Statice introduction of recent years. It is quite unlike any other variety in commerce, and as far as we can discover, unknown to the trade of this country and Europe. The flowers are very large and open, borne in quantities on long stemmed large sprays which have a delightfully lacy open effect. The plants are fully hardy, rather slow growing, with tough dark green, long narrow leaves making a neat clump from which rise the sprays of deep rose flowers. Plants will not flower the first year from seed, but they are well worth waiting for an extra season.

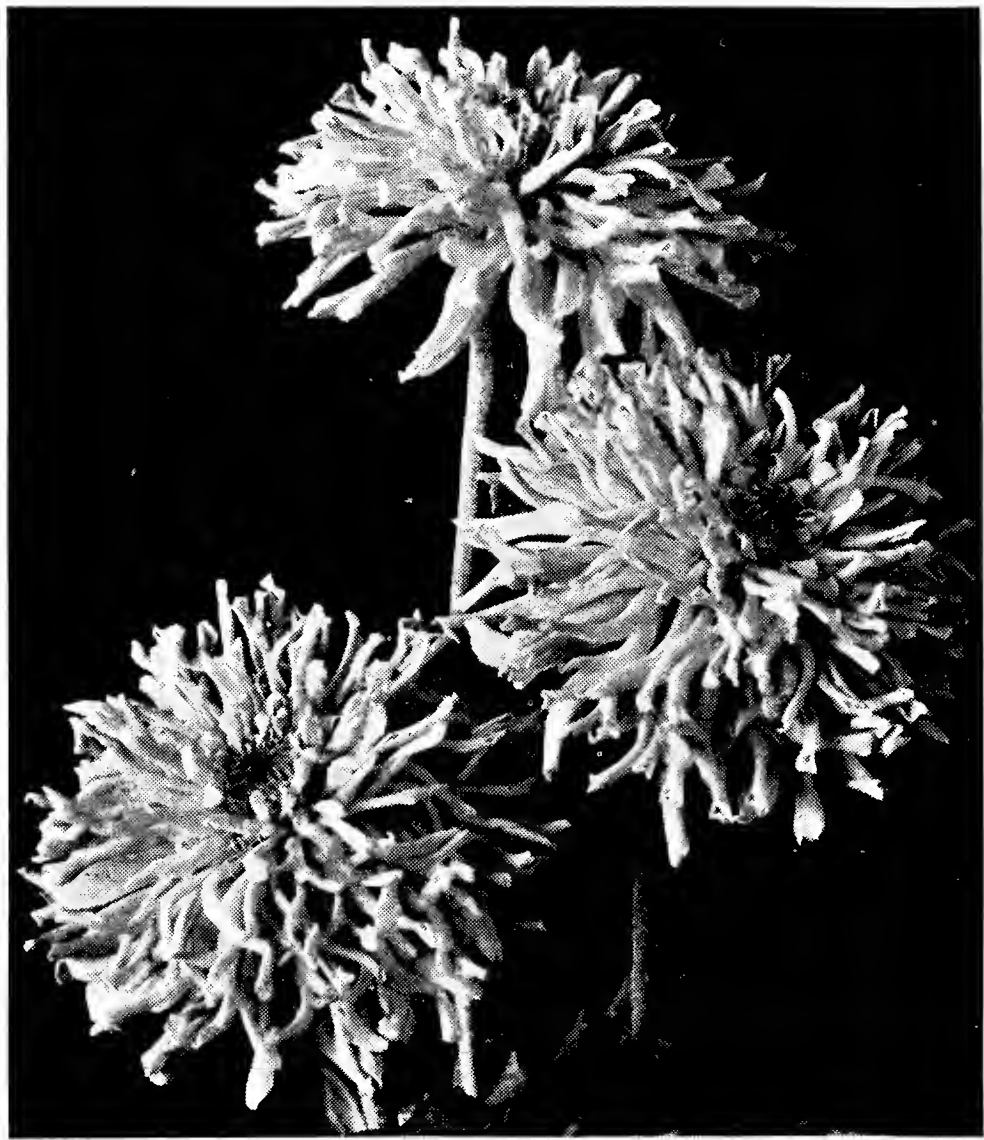

Price.....per oz., \$2.50                      per ¼ lb., \$7.50                      per lb., \$25.00

**ASTER PAEONY FLOWERED PURPLE ROBE** (Howard-Bodger)

Each season sees additions to this superb florist type of aster. Last year we introduced Rosebud and Silvery Rose, and now we are following these with Purple Robe, the first purple in the Paeony flowered type. The flowers are large, well formed, fully double, of a very deep shade of purple blue. We recommend Purple Robe as a new cut flower for florists.

Price.....per oz., \$1.50            per ¼ lb., \$4.50            per lb., \$15.00

***Zinnia Fantasy Mixture***  
No. 5—ELECTRO \$2.35

**ZINNIA FANTASY MIXED** (Bodger)

New zinnias are always welcomed by home growers and florists alike. While the giant flowered varieties are still popular, the trend of late years has been toward the smaller flowered, more graceful strains. This new Fantasy Mixture meets this demand in all details: the rounded flowers are composed of a mass of shaggy ray like petals which give a delicate and refined appearance to the medium sized double flowers, large enough to satisfy the desire for mass of color, yet small enough to lend themselves gracefully to flower arrangement. The color range includes the brightest shades of reds and orange, as well as the popular pastel pinks and cream.

Price.....per oz., \$1.50            per ¼ lb., \$4.50            per lb., \$15.00

**ZINNIA DESERT GOLD** (Bodger)

Several years ago we introduced the fascinating new zinnia, Crown O'Gold, in mixture. The yellow and gold shades in this mixture were immediately proclaimed the most attractive and sought after as separate colors. We are very happy now to offer these shades as Desert Gold, a variety containing the light and deep hues of gold, each petal overlaid at the base with a deeper golden yellow, giving a charming bicolor combination. Those who appreciate the finest in zinnias will welcome Desert Gold.

Price.....per oz., \$1.50      per ¼ lb., \$4.50      per lb., \$15.00

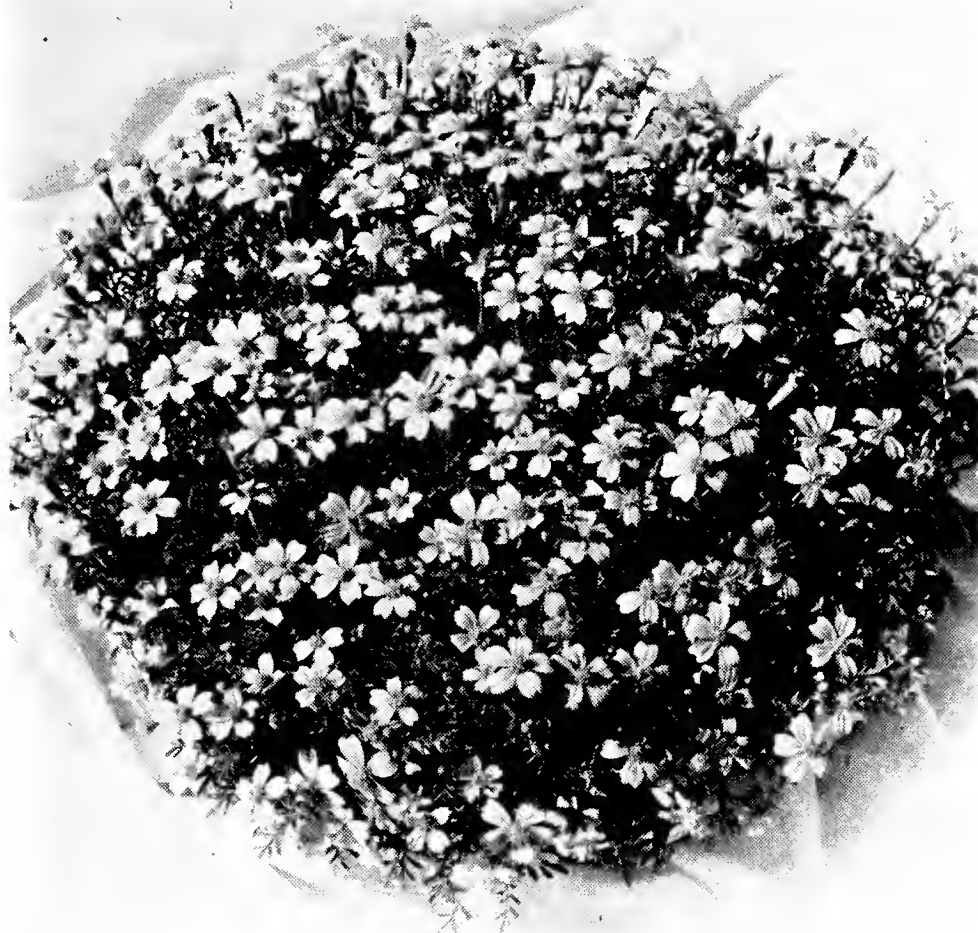

***Cosmos Hybrid Klondyke Orange Flare***

No. 6—ELECTRO \$2.00

**COSMOS KLONDYKE ORANGE FLARE** (Bodger)

Now at last we may grow the lovely orange colored Cosmos and be assured of having flowers before frost. In most parts of the country this brilliant hued flower is practically unknown because of its late flowering habit. Realizing its beauty, however, we have bent our efforts toward producing an early flowering strain which may be enjoyed by all. We have accomplished this purpose with Orange Flare, a strain which is in full bloom less than five months from sowing. The color is the same vivid orange of the ordinary Klondyke, with attractive light green foliage.

Price.....per ¼ lb., \$1.80      per lb., \$6.00

***Tagetes Signata Pumila Little Giant***

No. 7—ELECTRO \$2.10

**TAGETES SIGNATA PUMILA LITTLE GIANT** (Bodger)

One of the leading horticulturists of the country is so fond of *Tagetes Signata Pumila*, and so disappointed with the results obtained from any strain available, that he has given us no peace until we succeeded in developing this neat, dwarf, really compact strain. We are proud to offer Little Giant as the highest development yet attained of this pretty little Marigold, with slender fernlike foliage and an abundance of dainty, single, golden orange flowers on plants which are only four to six inches high with a spread of eight to ten inches.

Price.....per  $\frac{1}{4}$  lb., \$2.40                      per lb., \$8.00

**SALPIGLOSSIS PURPLE SELF** (Bodger)

This is undoubtedly the richest dark variety in the *Salpiglossis* group, a distinct new shade. The color is a rich deep velvety purple, free from all markings, holding well until out of bloom. The flowers are large and of good substance, a striking subject for combination with other flowers, particularly red or gold shades.

Price.....per  $\frac{1}{4}$  lb., \$1.50                      per lb., \$5.00

**SCHIZANTHUS SUNSET HYBRIDS** (Bodger)

This carefully bred strain is the result of our years of endeavor to produce an arrestingly bright strain of this ever popular flower. Sunset Hybrids is the accomplishment of this ideal, a well balanced blend consisting of bright red and carmine shades, each butterfly-like flower delicately marked with gold or white. The two foot plants are covered with a mass of flowers, which are excellent for cutting. One of the most easily grown garden annuals, it is also fine for pot plant use.

Price.....per oz., \$2.50                      per  $\frac{1}{4}$  lb., \$7.50                      per lb., \$25.00

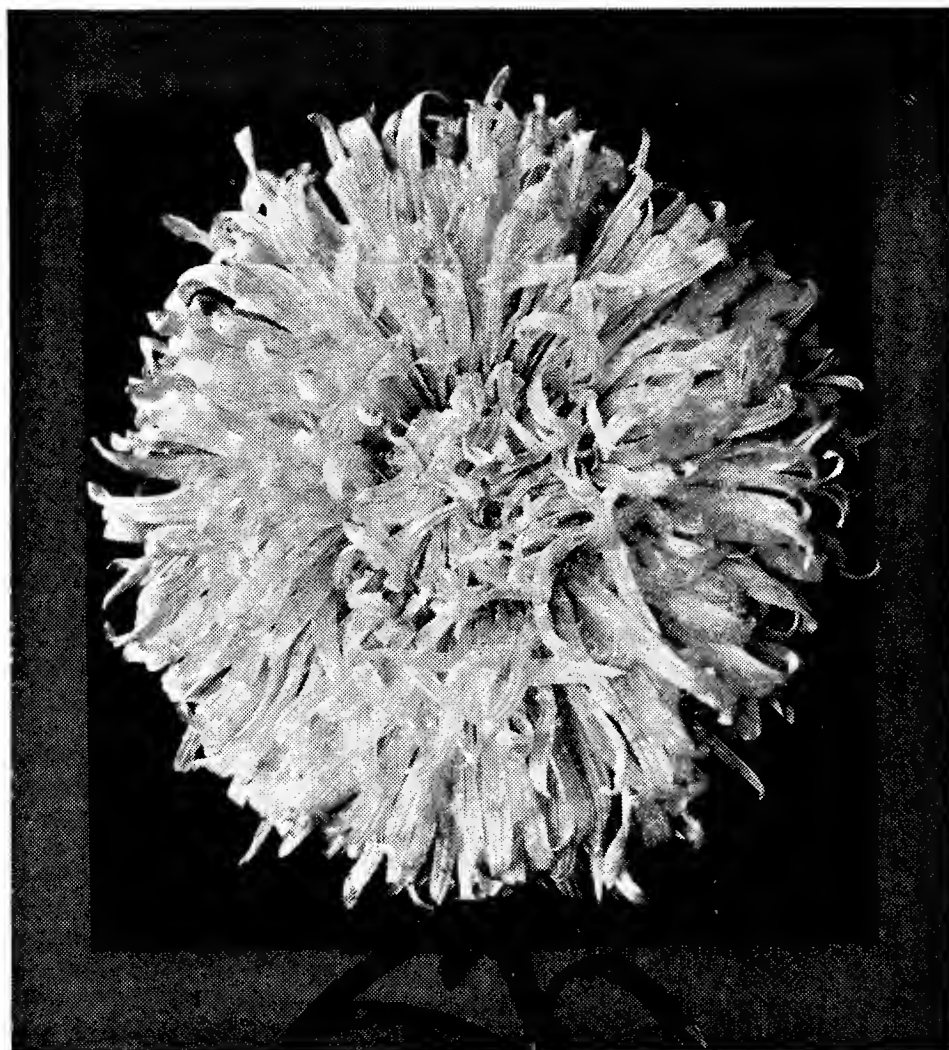

## SINCE 1890 / THREE GENERATIONS OF BODGER SERVICE

---

### CALENDULA BODGER'S PASTEL BEDDING MIXTURE (Bodger)

Designed especially for the home garden, this mixture contains a balanced combination of the lighter shades of Calendulas in the dwarfer growing types. Many new shades of apricot, cream and white are included, as well as the better known orange and lemon. There is also a novel assortment of flower types. Especially adapted for border use, the stems are long enough to use the flowers for cutting as well.

Price.....per  $\frac{1}{4}$  lb., \$0.75                      per lb., \$2.50

*Aster Super Giant Los Angeles*

No. 8—ELECTRO \$2.10

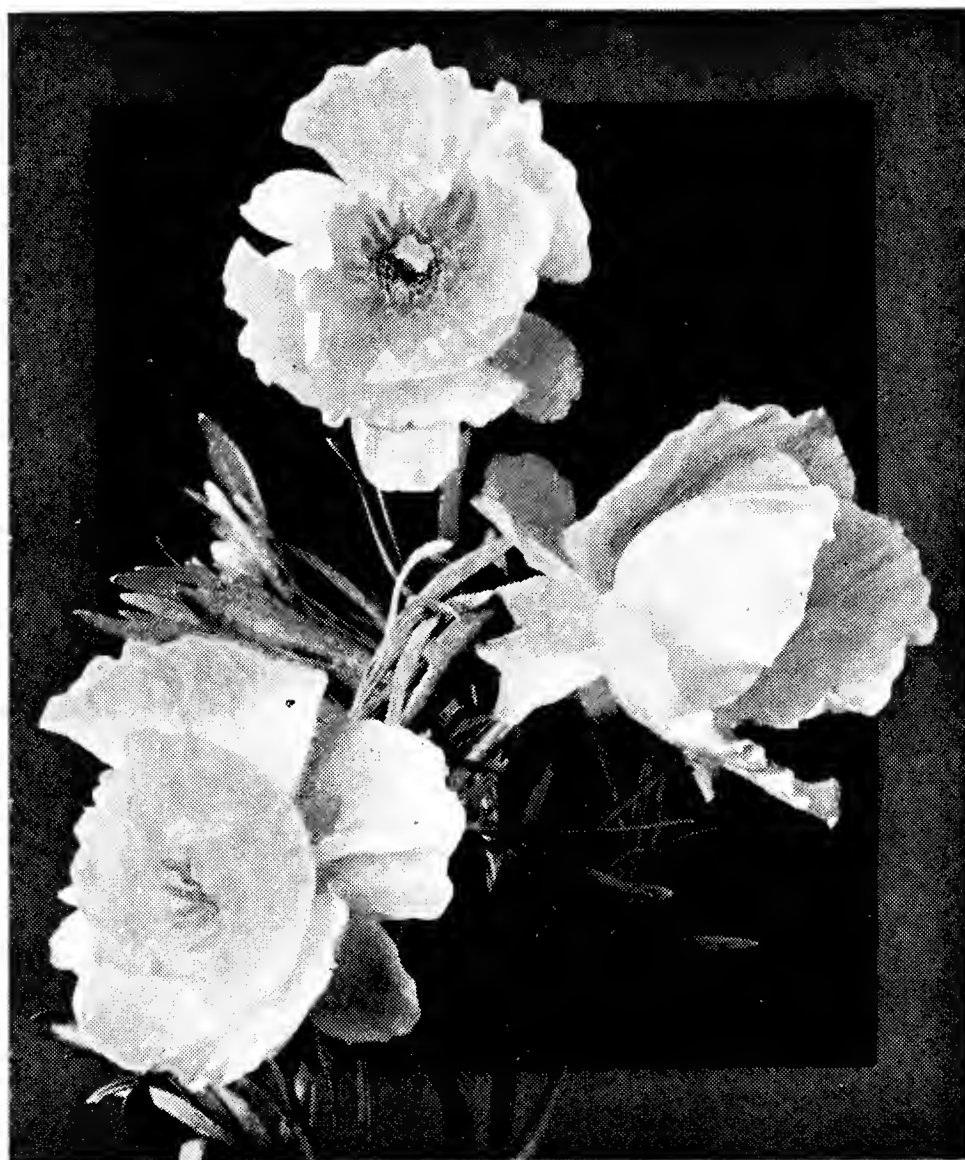

### ASTER SUPER GIANT LOS ANGELES (Howard-Bodger) (Award of Merit, All American Selections 1934)

This is the largest and most fully double Aster known. The flowers are from six to eight inches across, full petaled and artistically graceful in the feathery effect of the interlacing ostrich feather type petals. The color is a lovely soft shell pink, blending to a creamy pink at the center. The plants reach a height of  $2\frac{1}{2}$ -3 ft., with six to eight long, non-lateral stems per plant. For those who want the finest Aster yet developed, we heartily recommend Los Angeles. It was one of the most widely disseminated novelties in 1933, running a close second to Nasturtium Golden Gleam in popularity. (This is not a wilt resistant variety.)

Price.....per oz., \$2.00                      per  $\frac{1}{4}$  lb., \$6.00                      per lb., \$20.00

## ASTER GIANT CALIFORNIA SUNSHINE COLORS (Howard-Bodger)

Some years ago, in cooperation with Messrs. Howard & Smith of Montebello, California, we introduced the lovely Giant California Sunshine Asters in mixture. This season we are happy to be able to offer seed of these superior flowers in seven separate colors. Our records show that both the separate colors and mixture come 75 to 85 percent true. The flowers are large, with loosely placed outer petals contrasting with the creamy yellow or blue centers, giving a lacy effect which is quite delightful. Enchantress Pink, a delicate shade of salmon, is especially charming. It must be borne in mind that the true type is the last to flower.

*Hunnemannia Semi-Double Sunlite*

No. 9—ELECTRO \$2.20

## HUNNEMANNIA SUNLITE (Bodger) (Award of Merit, All American Selections 1934)

Sunlite is a double flowered poppy which is different. Its extra band of petals is produced on the outside instead of the inside of the tulip shaped flowers, making them appear open at all times. The flowers are a bright canary yellow on a bush of light gray green, and they like a sunny position in a well drained border.

Price.....per oz., \$1.00      per ¼ lb., \$3.00      per lb., \$10.00

**SINCE 1890 / THREE GENERATIONS OF BODGER SERVICE**

**ASTER WILT RESISTANT GIANT COMET SALMON QUEEN (Bodger)**

Few people realize that there is an aster of the fascinating shade of salmon found in Salmon Queen. It is a clear, pure salmon pink, blending to a rich golden salmon at the center. The flowers, large and well formed, are of the feathery Comet type, on long stemmed early flowering upright plants. A lovely aster that should be in every garden. And remember, it is wilt resistant.

Price.....per ¼ lb., \$3.60                      per lb., \$12.00

**ESCHSCHOLTZIA DOUBLE GOLDEN GLORY (Bodger)**

A welcome addition to the race of Double California Poppies, Golden Glory adds the brilliant bicolor combination of the well known Golden West to the rapidly mounting list of double varieties. Golden Glory, with its glorious profusion of golden yellow flowers deepened at the center with orange, is indeed the brightest and showiest of all Eschscholtzias, the glory of the garden.

Price.....per ¼ lb., \$3.00                      per lb., \$10.00

*Marigold French Tall Double Royal Scot*  
No. 10—ELECTRO \$2.35

**MARIGOLD ROYAL SCOT**

Modern as the crack Scottish Railway train The Royal Scot from which it borrowed its name, this marigold is the most striking yet introduced. The large well formed double flowers are produced in abundance on plants from 24 to 30 inches in height. The color is a charming combination of mahogany and gold in symmetrical stripes which radiate from the center of the flower. We feel confident that Royal Scot will be welcomed by florists and home gardeners alike.

Price.....per ¼ lb., \$3.00                      per lb., \$10.00

***Larkspur Stock Flowered Rosamond***

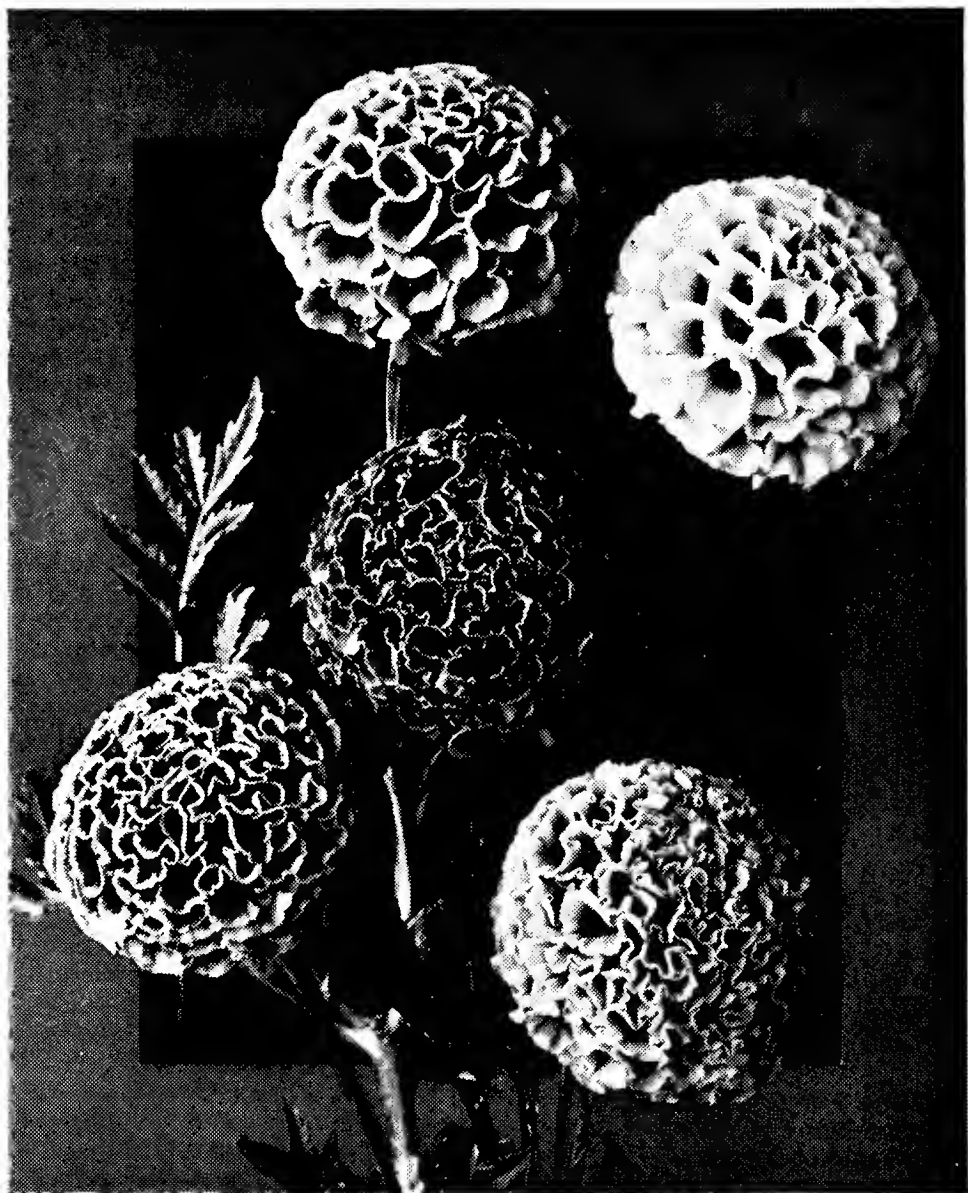

No. 11—ELECTRO \$2.25

**LARKSPUR STOCK FLOWERED ROSAMOND** (Bodger) (Gold Medal,  
All American Selections 1934)

This is the striking new Larkspur which we introduced last year but were forced to withdraw from sale early in the season as we were soon sold out. It was awarded a Gold Medal in the All American Selections for 1934 and has occasioned enthusiastic comment by all who have seen it.

There are three points on which Rosamond is outstanding. The color is new and distinct, a pure bright rose which has been entirely lacking in larkspurs up to this time. It is somewhat deeper than the old variety Bright Rose, which fades so badly, while this one has that rare quality of holding the pure rose color until out of flower. It is two weeks earlier than other Stock Flowered varieties, giving a good cut before other Larkspurs are available. It is exceptionally uniform in height, 4 feet tall, with numerous good spikes heavily covered with the fully double flowers. Rosamond should be in the Novelty section of every flower seed catalogue, and in every All American novelty box.

Price.....per oz., \$1.00      per ¼ lb., \$3.00      per lb., \$10.00

*Marigold Dwarf French Double Monarch Strain Mixed*  
No. 12—ELECTRO \$2.25

**MARIGOLD MONARCH STRAIN** (Award of Merit,  
All American Selections 1934)

Monarch Strain has all the qualities which make up the ideal type of Dwarf Double French Marigold—dwarf compact growth, very large, tight double flowers, in a wide color range which includes combinations of orange, bronze, yellow and mahogany. Excellent for bedding or border use.

Price.....per ¼ lb., \$0.90                      per lb., \$3.00

**CHORIZANTHE PALMERI (TURKISH RUGGING)**

A new subject for the border or rock garden. This easily grown annual forms a dense mat of statice like flowers of a delicate pink which blends beautifully with the dull green foliage. In early fall the plant changes to a charming shade of autumn brown, which makes a bold showing at a time when Mother Nature is taking her last bow. It grows about 8 inches and has a spread of 12 to 18 inches.

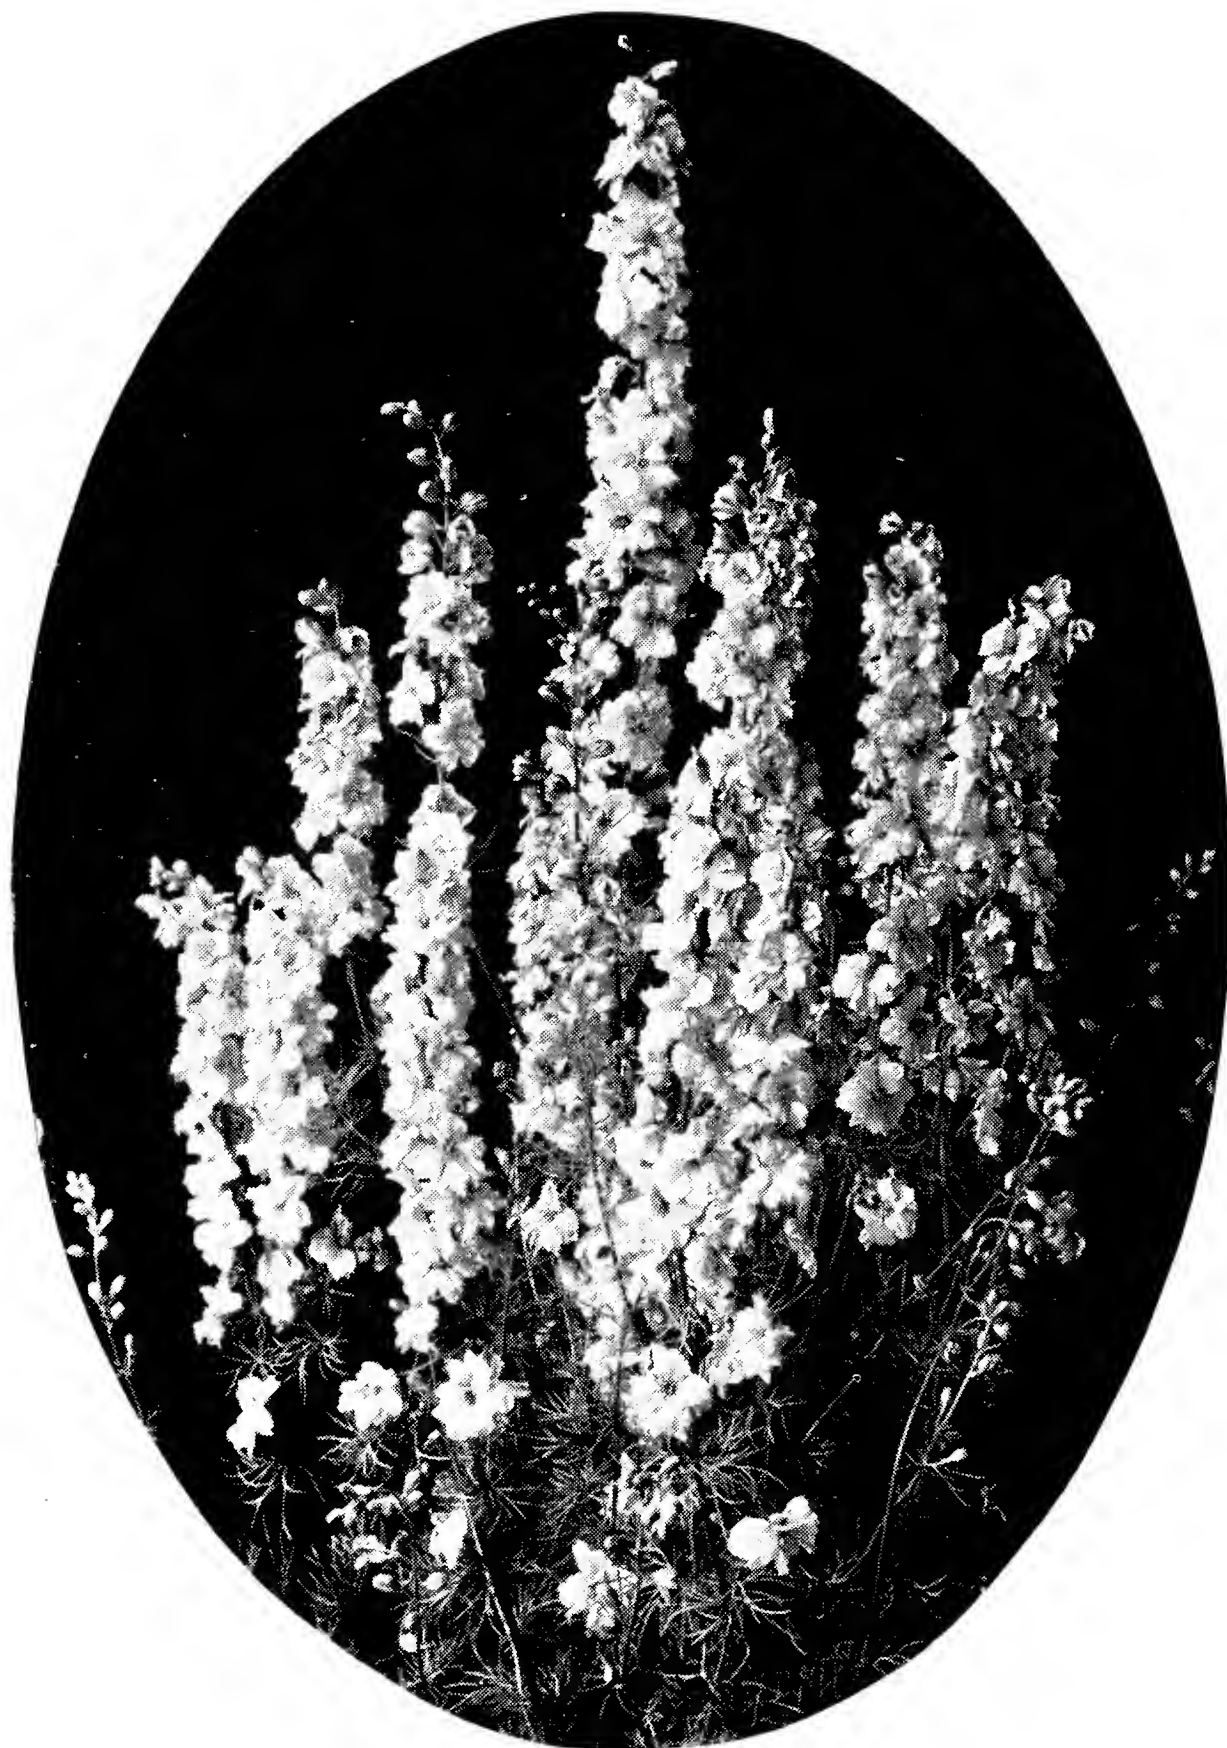

Price.....per ¼ lb., \$1.50                      per lb., \$5.00

**IPOMEA DOUBLE ROSE MARIE** (Bodger)

Since Rose Marie was introduced by us two years ago it has enjoyed a steadily increasing popularity as it has become better known. It is an early, free flowering, clear deep rose double flowered Ipomea which makes a quick growth well covered with flowers. As the flowers are double, they give the appearance of being open even after the other Ipomeas in the garden have closed for the day.

Price.....per ¼ lb., \$0.90                      per lb., \$3.00

*Larkspur Giant Imperial Blue Bell*

No. 13—ELECTRO \$3.05

**LARKSPUR GIANT IMPERIAL BLUE BELL** (Bodger) (Special Mention,  
All American Selections 1934)

Blue Bell is a fine medium blue Larkspur deeper than Sky Blue, a color up to this time lacking in the giant imperial type. The habit is decidedly upright, with long basal branched flowering spikes, well adapted for cutting.

Price.....per  $\frac{1}{4}$  lb., \$2.10                      per lb., \$7.00

**CLARKIA ELEGANS DOUBLE ENCHANTRESS**

The ever increasing demand for the so-called "old-fashioned" type of flower has brought the Clarkias into their own as never before. Within the past four or five seasons there have evolved an unprecedented number of new colors in this old favorite. One of the finest of these varieties is Enchantress, light orange shading to pink, a delightful color which is sure to become a great favorite. The flowers are double and well placed on the long stems.

Price.....per  $\frac{1}{4}$  lb., \$1.50                      per lb., \$5.00

***Dianthus Laciniatus Splendens***  
No. 14—ELECTRO \$2.10

**DIANTHUS LACINIATUS SPLENDENS**

Free flowering and easily grown, the Dianthus family has for years furnished us with some of our most popular border subjects. One of the most recent additions to this family is the sterling novelty Laciniatus Splendens, a variety which, in our opinion, is the most striking Dianthus we have ever offered. The flowers are very large, over two inches across, in a brilliant shade of crimson, with a large boldly contrasting glistening white eye.

Price.....per  $\frac{1}{4}$  lb., \$2.25                      per lb., \$7.50

**POPPY NUDICAULE GARTREF STRAIN**

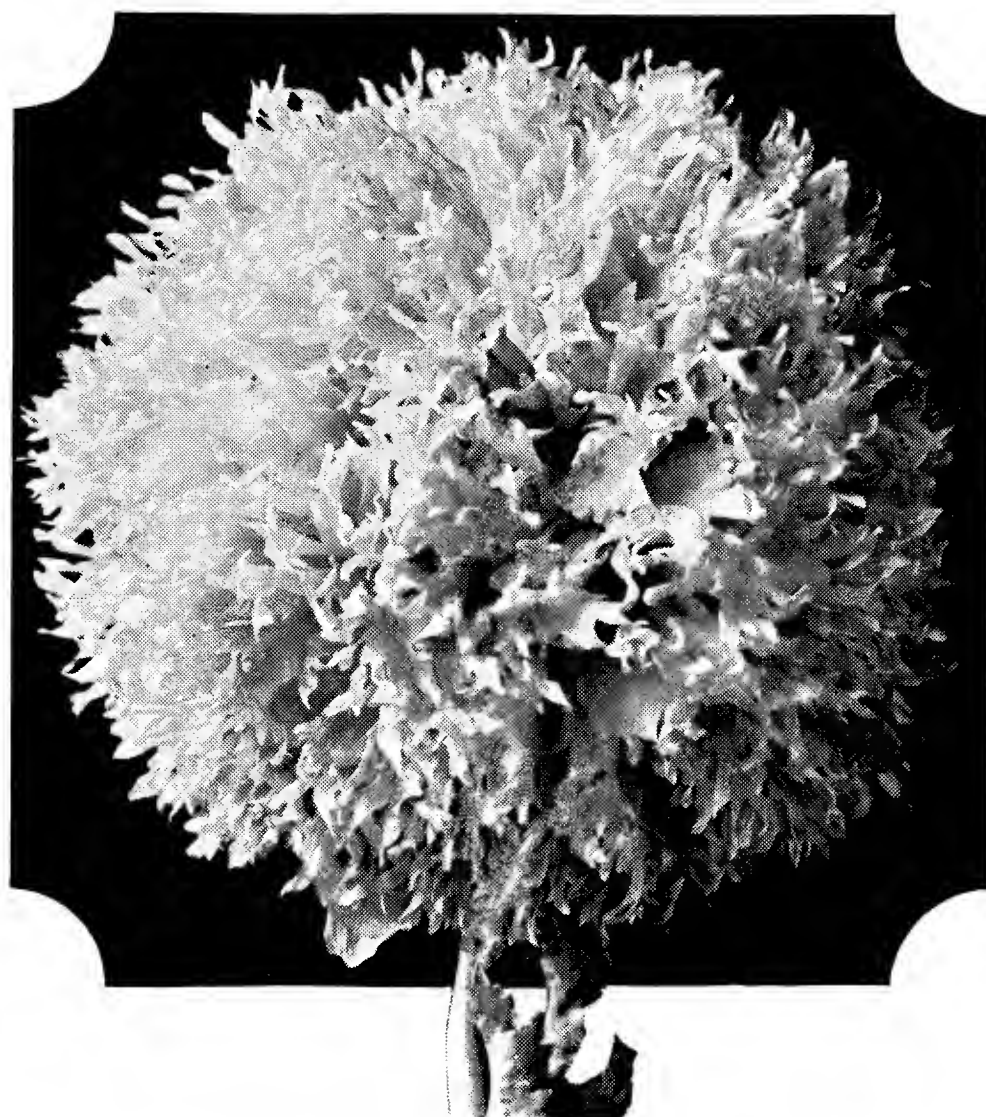

Gartref Iceland Poppies have been reselected from the range of art shades, and as a distinctive feature most of the blooms have dark edges to the petals, contrasting with the base colors. The flowers are unusually large on long wiry stems. The color range is extensive, including pinks from shell to carmine, creamy yellows to gold tones, and amber and apricot shades.

Price.....per oz., \$10.00

## POPPY NUDICAULE SANDFORD'S GIANT STRAIN

Of late years there has been a great renewal of interest in Iceland Poppies. Consequently there have been many new strains developed and put on the market, and it has become necessary to choose the best one among all those offered. We have maintained extensive trials of all strains during the past two seasons, and from our findings recommend Sandford's Giants as the outstanding strain of the present day. The flowers are huge and well formed, in a wide range of colors, borne on long stiff stems, which are fine for cutting.

Price.....per oz., \$2.50      per ¼ lb., \$7.50      per lb., \$25.00

*Poppy Double Cardinal Strain*  
No. 15—ELECTRO \$2.25

## POPPY DOUBLE CARDINAL STRAIN

We recommend Cardinal Strain for all those who love the well known Carnation Flowered type of double Poppy. The flowers are very large, daintily fringed, fully round and double, on plants which are at least a foot shorter than the usual strain of double Poppy. They are more graceful for the home garden and give a higher percentage of flowers per plant. Blocks or rows of the separate colors are very striking, especially the Scarlet.

## URSINIA AURORA

Aurora may be described as an intermediate form between Ursinia Anethoides and Ursinia Pulchra. Midway as to height, the habit and foliage are similar to Pulchra, with flowers resembling Anethoides, while the distinctive charm lies in the broad zone of deep crimson red which adorns the center of the bright orange flowers. We recommend Aurora very highly.

Price.....per oz., \$2.00      per ¼ lb., \$6.00      per lb., \$20.00

*Calendula Chrysantha*  
No. 16—ELECTRO \$2.00

**CALENDULA CHRYSANTHA** (Gold Medal,  
All American Selections 1934)

Chrysantha is distinct in type, a new break in Calendulas which is outstanding among all varieties known up to the present time. The large double flowers are an exquisite shade of clear buttercup yellow, with long loosely arranged petals which droop somewhat to give the rounded appearance of a Chrysanthemum. Besides adding a bright golden splash of color to the garden, Chrysantha is remarkable for its long stiff stems, making it ideal for cutting. The fact that it won one of the coveted Gold Medals in the All American Selections competitions this year indicates the high esteem in which it is held by the horticulturists of the country.

Price.....per ¼ lb., \$0.75                      per lb., \$2.50

**SHASTA DAISY NEW GIANT DOUBLE WHITE** (Diener Strain)

This strain includes an assortment of various types of double flowers ranging from the most fully double fringed petaled sorts through semi-doubles, to a type which, though single, forms unusual and beautifully shaped flowers with lacinated, curled and quilled petals. The flowers are all large and carried on long wiry stems.

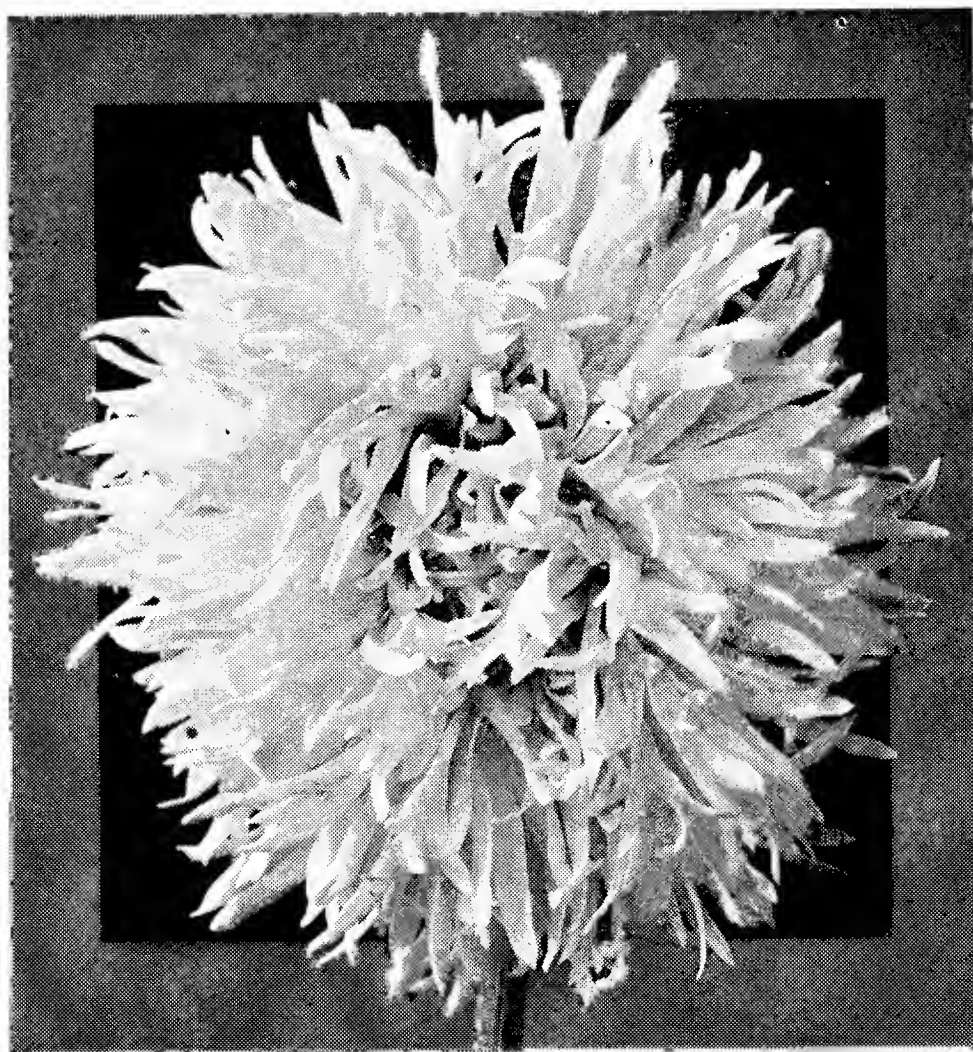

Price.....per oz., \$15.00

**GODETIA SYBIL SHERWOOD** (Award of Merit,  
Royal Horticultural Society 1932)

We consider this the most beautiful Godetia yet introduced. The color is a gorgeous shade of bright salmon pink softened by an undefined edging of white. The plants are robust, about 20 inches high, strong stemmed, and so free flowering that the foliage is almost hidden from view. The flowers are ideal for cutting, with long stems and exceptional keeping qualities. We predict a bright future for Sybil Sherwood.

Price.....per oz., \$2.00                      per ¼ lb., \$6.00                      per lb., \$20.00

*Shasta Daisy New Giant Double White*  
No. 17—ELECTRO \$2.10

*Godetia Upright Single Sybil Sherwood*  
No. 18—ELECTRO \$2.20

*Marigold Guinea Gold Reselected*  
No. 19—ELECTRO \$1.95

**MARIGOLD GUINEA GOLD RESELECTED** (Bodger)

As a result of extensive trials of pure line selections of Guinea Gold, we have developed a Reselected strain which we take pleasure in offering at this time. We have tested and proved this in our workshop, and can confidently recommend it for good germination, trueness to type and color, and purity of stock. Since winning a Gold Medal in the All American Selections for 1933, the habit and type of Guinea Gold have become fairly well known: a compact pyramidal plant about 2½ feet high, covered with attractive blossoms. The brilliant golden orange flowers are semi-double and loosely ruffled, excellent for cutting. Its fine keeping qualities have helped to make it one of the most popular Marigolds on the market.

Price.....per ¼ lb., \$1.80                      per lb., \$6.00

**VENIDIUM FASTUOSUM** (Award of Merit,  
All American Selections 1933)

The monarch of all the flowers brought to us from the African Veldt, Venidium Fastuosum has all the qualities that make it a garden and cutting favorite. It is easy to grow, produces large deep orange daisy like flowers marked with a wide reddish brown center ring, and is a fine keeper. Its popularity is steadily increasing.

Price.....per oz., \$3.00                      per ¼ lb., \$9.00                      per lb., \$30.00

*Zinnia Lilliput Tom Thumb Mixture*

No. 20—ELECTRO \$2.25

## ZINNIA TOM THUMB MIXTURE

Tom Thumb is without exception the dwarfest zinnia known. The plants are rounded and compact, 4 to 6 inches high, literally covered with well formed flowers of the Lilliput type. The color range includes red, orange, yellow, pink, rose and other pastel shades. During the hot dry summer months this is the ideal border plant and is also well adapted for window box and pot work.

Price.....per  $\frac{1}{4}$  lb., \$2.40                      per lb., \$8.00

*Aster California Giant Light Blue*  
No. 22—ELECTRO \$2.10

*Aster Paeony Flowered Rosebud*  
No. 23—ELECTRO \$2.10

**GIANT MAMMOTH PAEONY FLOWERED f**

A superb florist strain, with immense, fully double flowers resembling the Beauty type, borne on long, stout non-lateral stems. These are admirably adapted to shipping, as the compactly placed petals give substance and keeping qualities to the flowers. The plants are 2½-3 ft., blooming with the Giants of California.

What some of our customers say about our Asters:

- South Carolina:** "I have discarded the old fashioned seeds, and sell only Bodger Wilt Resistant seeds. You are doing a great work in overcoming the Aster fungus."
- Chicago:** "The only Asters we are selling at present are Wilt Resistant strains."
- Ohio:** "Your Wilt Resistant Asters are the best Asters I have ever raised."
- Canada:** "Your Wilt Resistant Asters have come through splendidly and I am enjoying bloom which I have not been able to do the last few years with ordinary strains."
- Philadelphia:** "Received good reports from those who have grown Wilt Resistant Asters in places where they could not grow the ordinary strains."
- Detroit:** "Your Wilt Resistant Asters are outstandingly better than the ordinary strains."
- Germany:** "We want to congratulate you on Aster Los Angeles as something outstanding."
- Cuba:** "Los Angeles Asters are very wonderful and the delight of everyone who sees them. We cannot speak too highly of them."
- Scotland:** "We are highly delighted with Aster Los Angeles."

Wilt resistant Asters will produce more perfect flowers and will increase your business both with florists and home gardeners.

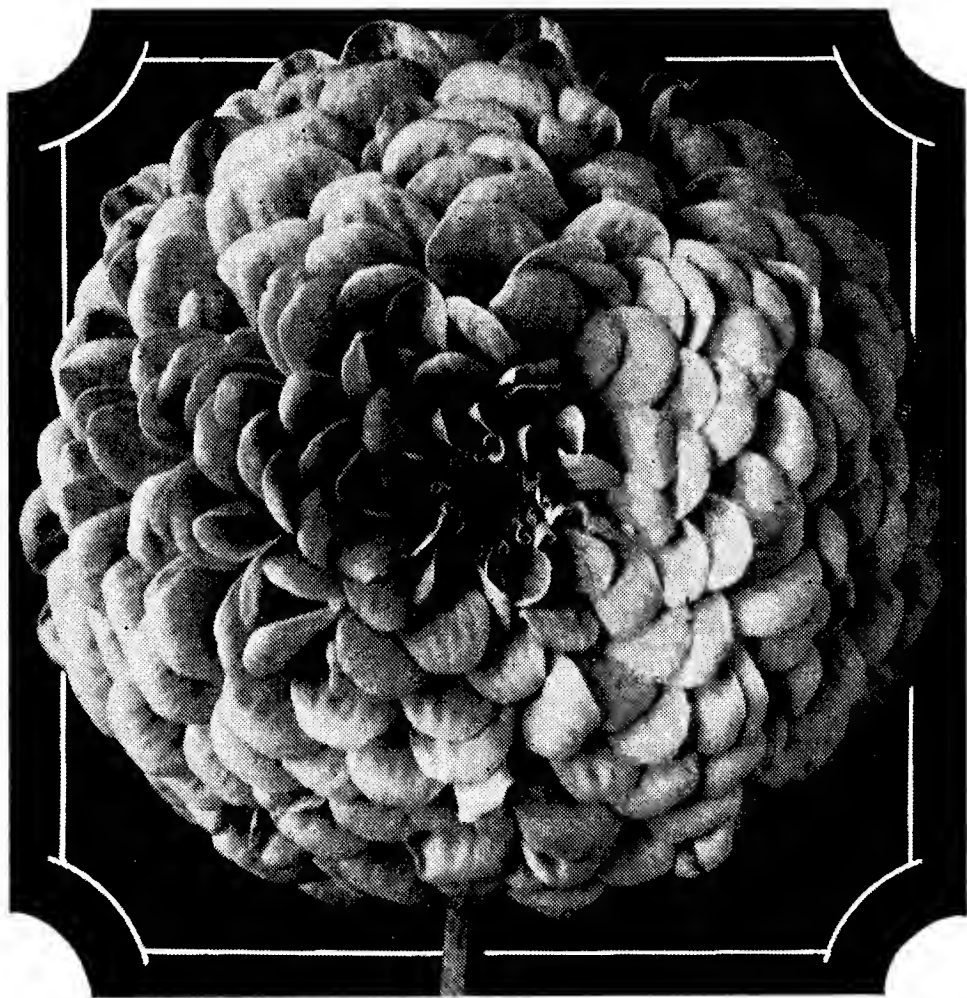

**JOHN BODGER**

*Founder of our firm and originator of Dahlia Flowered Zinnias*

## **ZINNIAS *a***

Ever since our founder began his historic work on Zinnias, the name Bodger has been closely associated with this popular flower. Our first major introduction was the Dahlia Flowered strain, an advancement which entirely changed the Zinnia trend. This, the first of the really large show type of flower, was followed in a few years by our later introduction, the California Giants or Mammoth type.

Realizing the demand also for the smaller flowered, cutting type, we concentrated our efforts later to this end. Our introductions along this line have been numerous, including the popular Picotee Delight Salmon Rose and Pastel Mixed, the Early Wonder type, Crown O' Gold, new colors in the Pamela Dwarf Double and Lilliput types, and improvements in all other existing varieties.

*Zinnia Dahlia Flowered Old Rose*

No. 26—ELECTRO \$2.10

**BODGER'S GOLD MEDAL DAHLIA FLOWERED *f* (Bodger)**

The Dahlia Flowered strain was introduced by us in 1919, and all the colors have been of our introduction at various times since then.

The plants are of medium height, 2-3 feet, very robust, bearing many long stems of the fully double, huge flowers, which resemble the show type of Dahlia.

We have marked the most popular varieties with an asterisk (\*)

	Per ¼ lb.	Per lb.
*Canary Bird, rich canary yellow.....	1.80	6.00
*Crimson Monarch, deep crimson, flowers very large.....	1.80	6.00

*Field View of Larkspur Giant Imperial Carmine King*

# YOUR GUARANTY OF QUALITY , , CROP OF 1934

## LARKSPUR GIANT IMPERIAL *af*

Tall, upright, compact, basal branching in habit, the Giant Imperials have superseded all other types of Larkspurs for florists' and general garden use. The delphinium like spikes of double flowers, carried on stems 4-5 feet long, are compactly placed on the upright growing plants, requiring only about one-half the space needed for the old stock flowered type of Larkspur.

*Penstemon Gloxinoides Mixed*

No. 56—ELECTRO \$2.60

**What some of our customers say of our seeds:**

**South Carolina:** "I am getting up a fine reputation for Bodger seeds for vitality and quality, because you sell new crop seeds, and are conscientious as to quality."

**Chicago:** "If Golden Gleam sells with others as it does with us you surely deserve a medal or something from the entire Seed Trade."

**Pennsylvania:** "Your service can't be beat. On September 19th we wired an order, and on September 22nd the seeds were received and on their way to our customer."

*Zinnia California Giant or Mammoth Scarlet Gem*

No. 57—ELECTRO \$3.05

**British Columbia:** "Flower seeds are selling much better this year, probably because we are selling only Bodger's seeds now."

**Canada:** "All your seeds are entirely satisfactory."

**Belgium:** "Nasturtium Golden Gleam obtained a Gold Medal at the largest Horticultural Exhibit in the world, at Ghent."

**New Jersey:** "Your Petunias are very satisfactory."

**Texas:** "Engelmann Pansies are in fine shape."

**Holland:** "Your Sweet Pea seed true to type and color."

**Ceylon:** "Your Zinnias are much admired in Colombo."

*Venidium Fastuosum*

No. 58—ELECTRO \$2.80

**Cuba:** "Your Aster Los Angeles is very wonderful and the deilght of everyone who sees it. We cannot speak too highly of it."

**Philadelphia:** "We wish to commend you on your work in developing Wilt Resistant Asters."

**Australia:** "Your Larkspurs have wonderful colorings."

**St. Louis:** "Why don't you patent Nasturtium Golden Gleam? In our opinion it is the finest item in years."

***Pansy Engelmann's Giant***

No. 59—ELECTRO \$2.50

**Australia:** "Your Asters and Zinnias have come up to expectations and we have received testimonials from many satisfied customers."

**South Africa:** "Larkspurs purchased from you have produced very fine blooms."

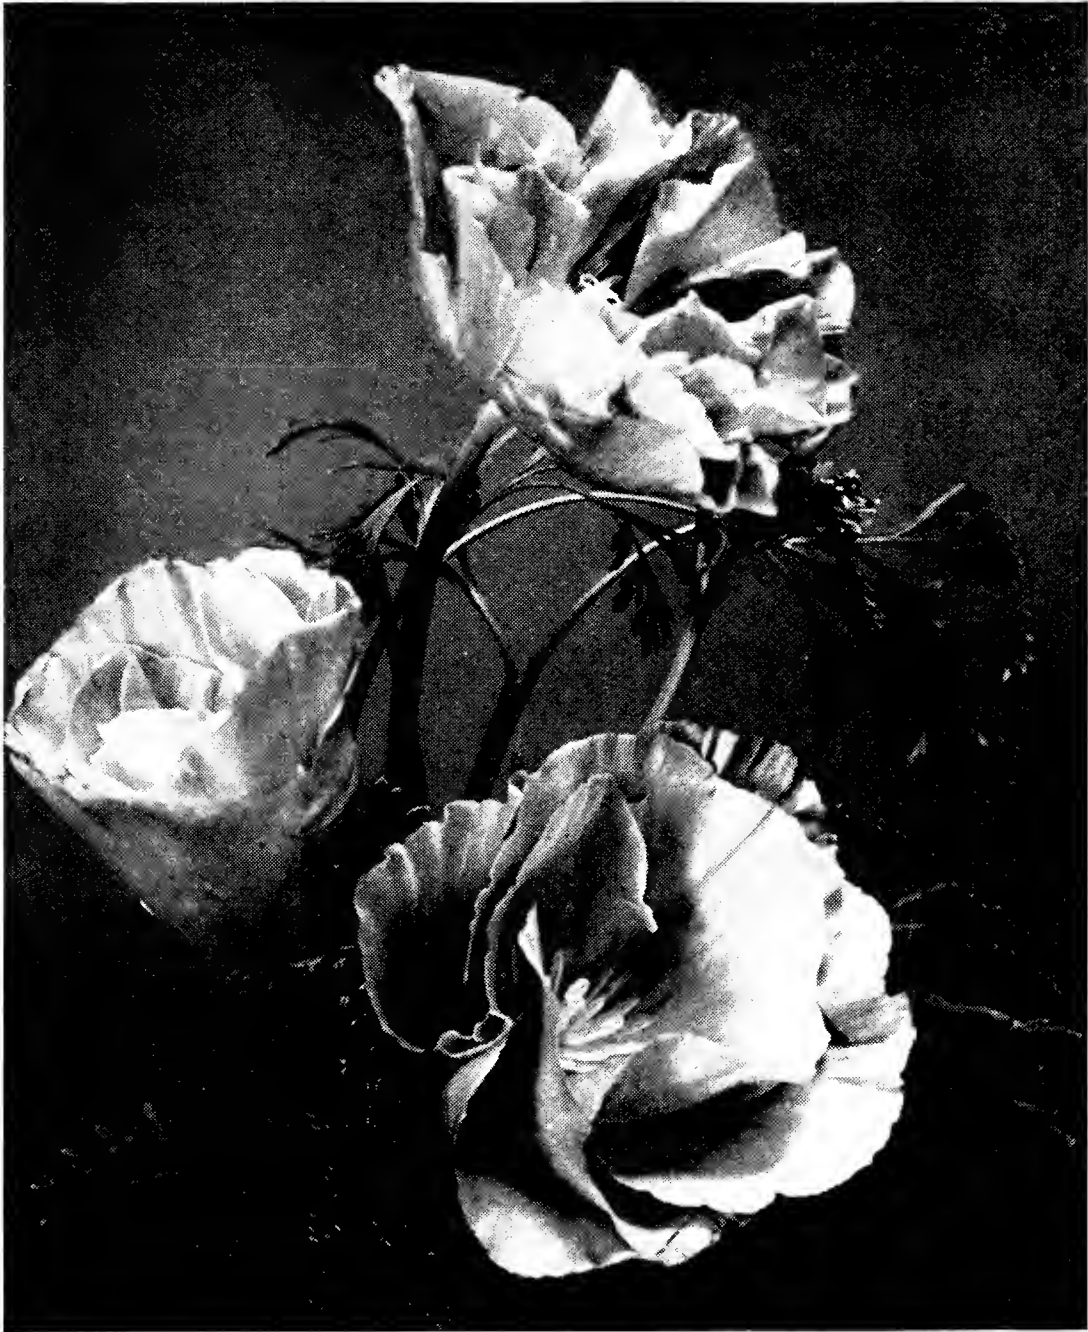

**New Jersey:** "We find your Petunias very satisfactory."

**Ohio:** "The best Asters I ever raised were Bodger's Wilt Resistant strains."

**Berlin:** "Nasturtium Golden Gleam made many friends because of its beauty,'

**West Indies:** "Your Dahlia Flowered Zinnias were the finest I have ever grown."

**England:** "The trials of Nasturtium Scarlet Gleam and Gleam Hybrids received last month have germinated 100%."

*Eschscholtzia Salmon Beauty Double*

No. 60—ELECTRO \$2.50

**India:** "Nasturtium Golden Gleam gave very brilliant results, all turned out double and very sweet scented. Exhibited it at various flower shows and won much praise and admiration."

**New York:** "We are so well pleased with Wilt Resistant Asters and are receiving so many good reports on them from our customers that we intend to offer Wilt Resistant strains for everything the coming season."

**Pennsylvania:** "We purchased all our flower seed requirements from you last year, and not one complaint has been received on them."

***Arctotis Grandis***

No. 61—ELECTRO \$2.20

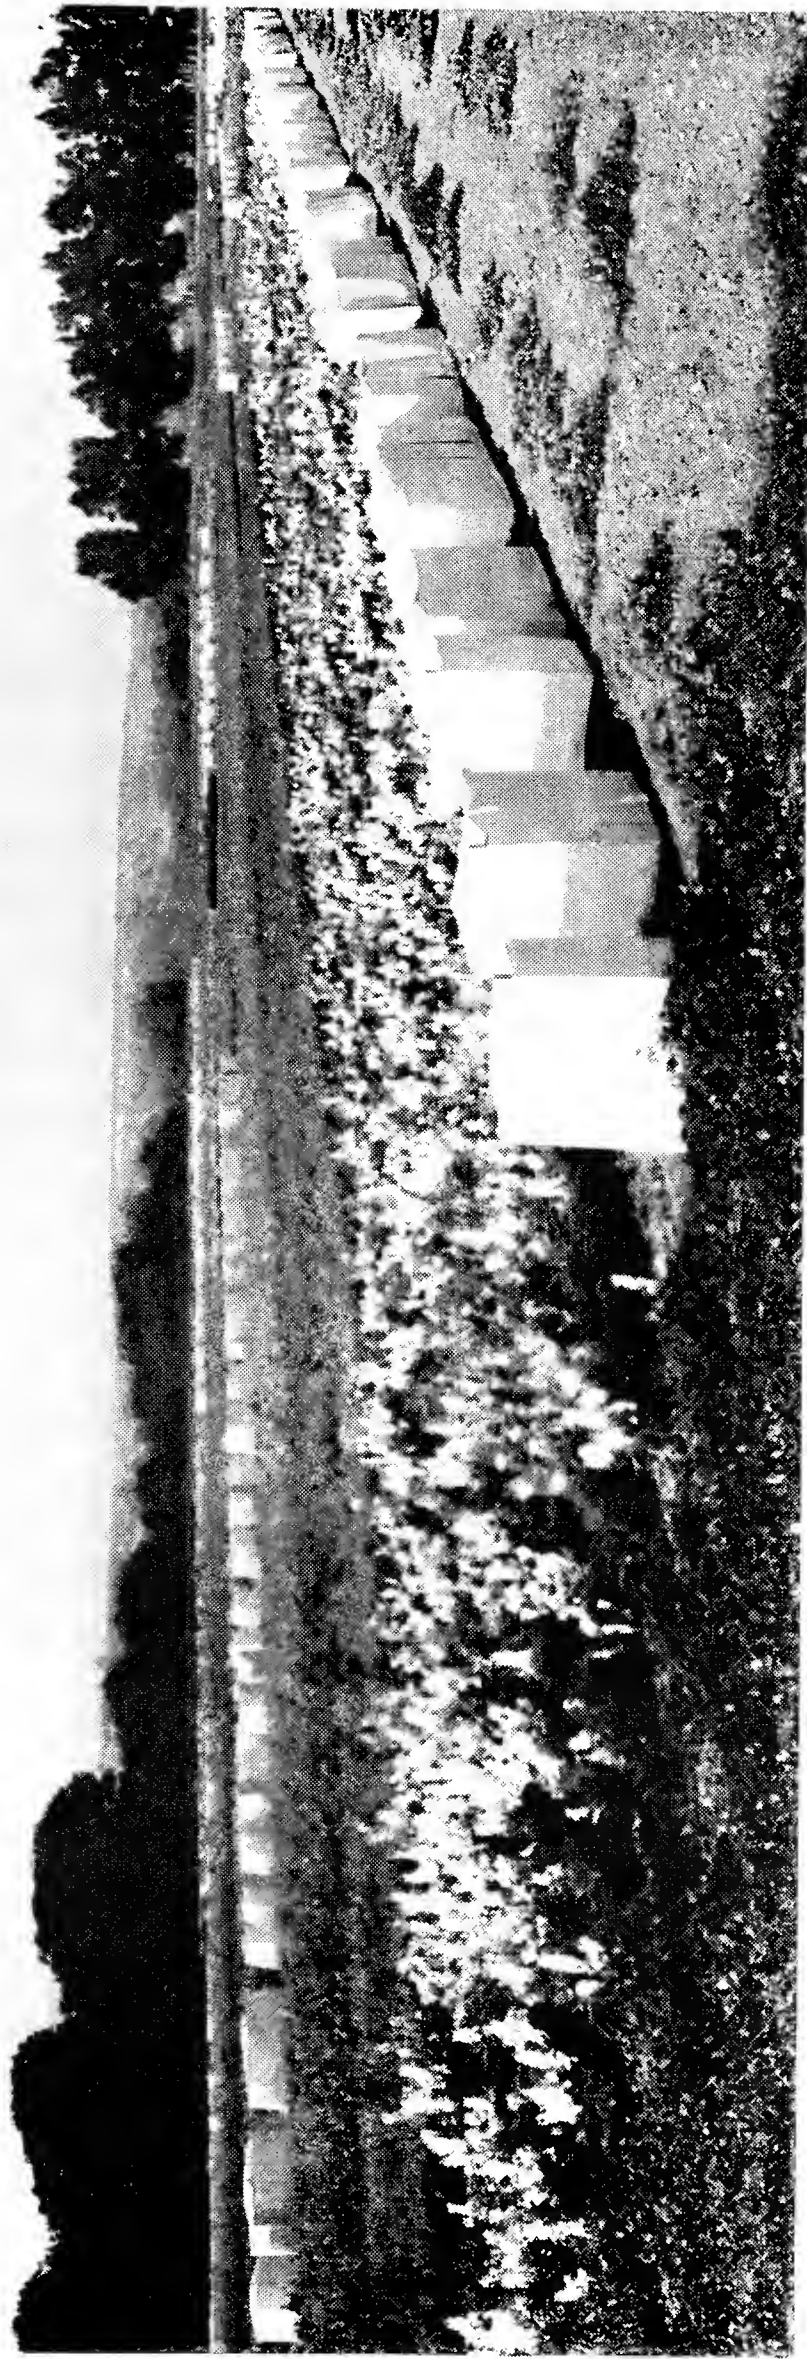

**West Australia:** "Nasturtium Golden Gleam is a great success, as was Larkspur Carmine King."

**Chicago:** "Trials of Larkspur Rosamond were in flower two weeks earlier than other Stock Flowered Larkspurs."

**Mexico City:** "We consider you one of the finest seed producers in the world."

**New York:** "We have never had such nice Petunias as those from your seeds."

**Rochester:** "We have had wonderful results with your Wilt Resistant Asters."

*New Double Glean Nasturtium Workshop—Showing Individual Plant Segregation*

FLOWER SEED  
GROWERS

EL MONTE, LOS ANGELES COUNTY  
CALIFORNIA, U. S. A.

Gentleman:

We take pleasure in presenting herewith our 1934 Contract and General Trade List, in which we feel sure you will find many items of special interest.

We wish to call your attention especially to the many novelty items we are offering this year. We urge you to give these your careful consideration for next year's catalog. Your attention is also directed to the increased number of illustrations we are using in this list. The illustrations, as you will note, are in a size which can be used in your own catalogs. The descriptive matter also was written so that it may be adapted to retail catalog use. We will be most pleased to receive your comments as to ways in which we can improve our style of describing or method of illustrating these new flowers so they will be most helpful to you.

Regarding our new double Nasturtiums, Scarlet Gleam and Gleam Hybrids, we wish to advise that we will be ready to fill orders for seeds in September, after harvest of this year's crop. The production of a novelty cannot be accomplished in a season, but requires the mellowing influence of time running its natural course in order to properly mature the seeds and be assured of a product worthy of the painstaking care and thought that have gone into its production.

In order to better illustrate the glorious range of colors in the Gleam Hybrids we are preparing a lithographed hanger which will be mailed to you later in the season to arrive just before the seed is ready. This hanger is even more beautifully done than the Dahlia Flowered Zinnia hanger we sent out recently, a faithful reproduction of the most striking flower of the season.

Indications are that flower seeds this year will be in very great demand, and we urgently advise that you send us your orders as soon as possible so we will be sure to plant sufficient acreage to care for your requirements. The placing of early contracts is a great help to all concerned. We trust the present friendly relations of our two firms may continue for many years.

Yours very truly,

BODGER SEEDS, LTD.

By: John F. Bodger.
